Hello, I'm Jason McGuire, and I'm seeking re-election to the South Jordan City Council for District 5. It's been an honor to represent our community and work alongside residents to make South Jordan the best place to live in Utah.

During my time on the council, I've focused on wise growth, protecting the character of our neighborhoods while encouraging responsible development. I've also worked to build a strong local economy, knowing that thriving businesses and job opportunities are vital to our community's success. As a member of the Legislative Policy Committee, I work to ensure state legislation respects local control.

As the liaison to the South Jordan Arts Council, I've helped re-establish community theater, added murals to the city, and expanded arts programming. I'm also committed to parks, trails, and open spaces, including the creation of the Bingham Creek Regional Park Authority Board and the addition of 18 new pickleball courts across the city.

If re-elected, I will continue prioritizing public safety, economic development, infrastructure and transportation improvements, developing new parks, trails, and open space, and building a vibrant arts scene. I'll keep listening, collaborating, and working to make South Jordan a safe and welcoming place for everyone.
